

# Colorful Coiled Wool Baskets

## Cheri Dunnigan

### Supply List

1. Raffia, it can be purchased on line or at Hobby Lobby in the floral department ... it comes in a variety of natural tones as well as colors ...any one is fine.
2. Fibers .... This can be wool or blended yarns ... I recommend worsted weight or 4 ply. Choose colors that you are interested in working with.
3. Wool roving.... This can also be purchased on line and comes in a variety of colors and is also available at Hobby Lobby in the embroidery section.
4. Chenille needles ...these can be purchased on line ... they have a sharp point, and a large hole which will accommodate the yarns that we will be using. If you have trouble getting them, I will have some with me in class.
5. Scissors ... preferably small sharp embroidery scissors so that we can snip threads close.
