(Suggested) Beginners Paint Pouring Supply List

Basic supply list:

Plastic cups 3 sizes: 3, 9 or 16 ounce
Wooden craft sticks for stirring paint
Palette Knife
Cake Frosting spreader
Freezer Paper or Wax Paper
Paper towels
Disposable gloves (latex or similar)
Masking tape to protect back of canvas
Plastic container to hold water. ***NOTE: I use a one gallon plastic bucket*
Apron / old shirt to protect your cloths
Large aluminum baking pans for pouring into or plastic drop cloth or painting tarp.

Pouring surfaces: your choice at least 1:

***NOTE: Substrate size preferred to fit within large aluminum baking pan.
I use 8" x 10" canvas boards for practicing pours.*

1. Wood panels
2. Canvas, a size you feel comfortable to work with not too big and not too small.
3. Unconventional items, Ceramic tiles, old records, any hard surface to pour on, etc.

Silicone oils / your choice at least 1:

Treadmill belt lubricant 100% silicone oil
Demco acrylic Silicone oil
Unicorn art - silicone oil
WD-40 spray silicone oil
Impresa pouring oil (large cells) or Impresa silicone oil (multiple smaller cells)
Rain Ex Spray

Acrylic Paints: your choice at least 3 colors, white and black:

Artists loft / Apple Barrel / Americana / Deco art

Soft body acrylics / High flow acrylics

Arteza pre-mixed pouring paints

Nova Paints

Liquid Acrylics

Sax True Flow Acrylics - Amazon

Optional liquid acrylics:

Deco Art Metallic / Iridescent / or Interference colors

Your choice / Pouring mediums at least 1:

Elmers Glue - plus distilled water to dilute

Floetrol

Liquitex pouring medium

Golden GAC 800

DecoArt Pouring Medium

**** NOTE: Optional supplies that I use:**

Plastic cups with lids for storing your poured paint

Minwax polyacrylic crystal clear topcoat (protects your finished pour)

Kitchen blow torch / Chandler heat gun (pops air bubbles and brings up cells)

Hair dryer (for air swipes)

Plastic Straws

Gesso for prepping your canvas.
