

Beginning Painting Acrylics

Instructor Richard Kirk

Supply List

Paints:

If you already understand C.I. Names for paints, purchase the following colors in the brand you prefer. Otherwise, purchase the following ten Liquitex Artist Grade Colors.

Burnt Umber (PBr7)

Cadmium Yellow Light (PY35)
(PB15)

Phthalocyanine Green (Blue Shade) (PG7)

Quinacridone Red (PV19)

Transparent Burnt Sienna (PR101)

Cadmium Red Medium (PR108)

Phthalocyanine Blue (Green Shade)

Quinacridone Magenta (PV19)

Titanium White (PW6)

Ultramarine Blue (PB29)

Solvent:

Acrylic paints use water as a solvent. You will need a large container to clean your brushes (a two-pound plastic coffee container works best).

Brushes:

Eventually, you will need to acquire more brushes, but for this class, you will only need two. Both are soft fiber (not bristle) brushes. You will need a half-inch flat or bright brush and a small round brush for detail.

Other Materials:

Disposable Palette Pad

Palette knife (small, straight blade with flexible tip)

9x12 Canvas pad (actual canvas sheets)

9x12 Paper Canvas pad (coated paper sheets that look like canvas)

4H - Drawing Pencil

Roll of paper towels

A roll of blue painter's tape

Kneaded eraser
